

IVAP PROFILING

IVAP was established in 2010 to gather information on the humanitarian needs of DPs residing in Khyber Pakhtunwan (KP) province. IVAP conducts a multi-cluster assessment based on door-to-door family-level interviews. IVAP aims to guide humanitarian response that is targeted towards the needs of the most vulnerable.

This IVAP Factsheet is based on the current IVAP database (with information collected or updated in 2013/14).

For more information and to access the IVAP live database go to www.ivap.org.pk

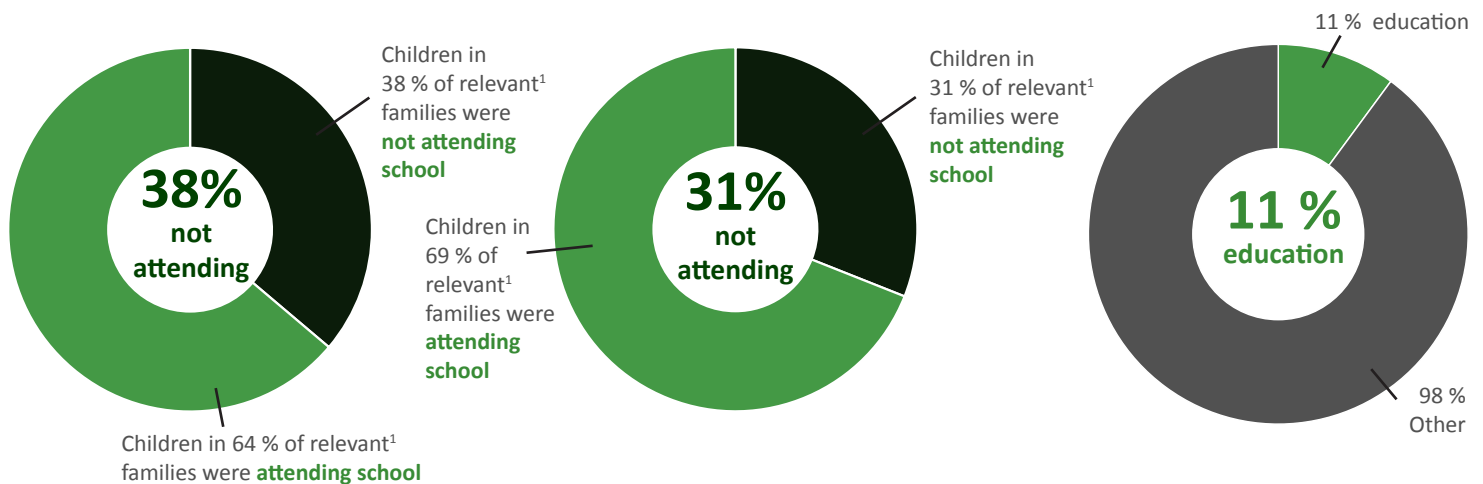

KEY FIGURES

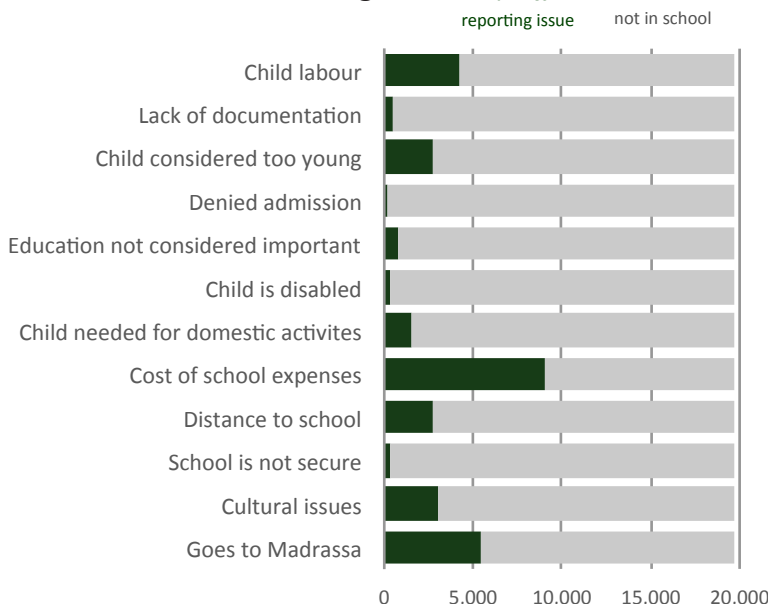

Families with children attending school before displacement

Families with children attending school in displacement

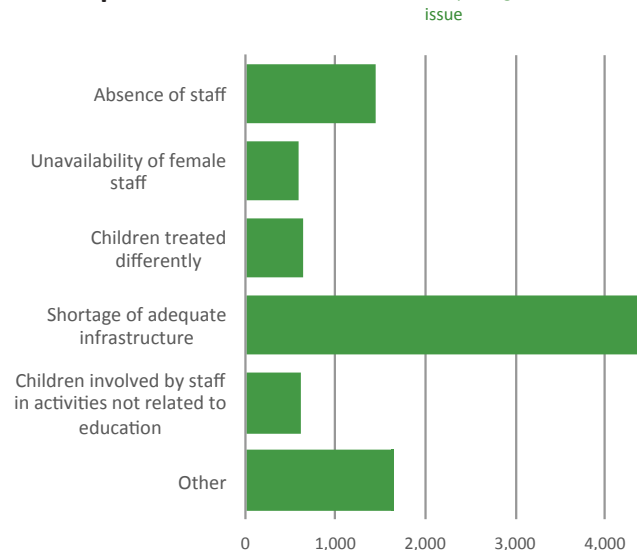

Top three needs identified by respondents

Reasons for not attending school

Issues experienced at school

¹ Relevant families relates to those families with school-aged children

Feedback: stephanie.matti@rescue.org

IVAP is funded by ECHO and DFID
