

## IVAP PROFILING

IVAP was established in 2010 to gather information on the humanitarian needs of DPs residing in Khyber Pakhtunkhwa (KP) province. IVAP conducts a multi-cluster assessment based on door-to-door family-level interviews. IVAP aims to guide humanitarian response that is targeted towards the needs of the most vulnerable.

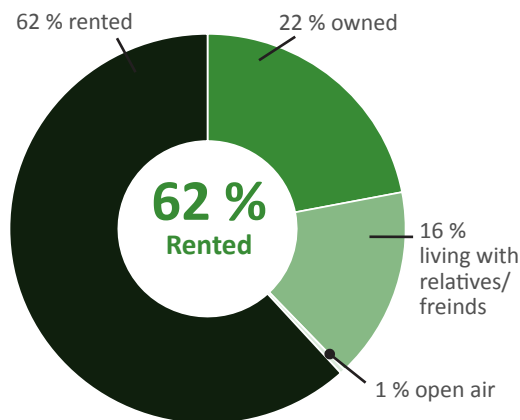

This IVAP Factsheet is based on the current IVAP database (with information collected or updated in 2013/14).
